SAMIR SUBEDI

WORK EXPERIENCE

Support Technician | *Firstlink Communications Pvt. Ltd. (ISP)*

2024 — Present (2 Years)

- Configured and managed VLANs (trunk, access, and dot1q) on switches for network segmentation.
- Installed and maintained BDCOM EPON/GPON switches, OLTs, ONUs, and Mikrotik routers.
- Configured Huawei GPON OLTs and prepared OTDR reports for fiber-link diagnostics.
- Set up and troubleshot VPN connections and configured NAT for IPv4 and IPv6 networks.
- Worked with routers, OLTs, switches, and MPLS devices across the ISP network.
- Deployed and troubleshot FTTH connections end-to-end, from OLT to customer premises.
- Provided on-site and remote support for resellers and customers, including field visits for ONU configuration, TV setup, and connectivity fixes.
- Configured a printer network setup for a small hotel client.
- Delivered customer support for several months, resolving inquiries with strong communication skills.

PROJECTS

NIMS — Network Inventory Management System | *College Assignment*

- Built as an academic project to record, track, and manage network inventory and assets.

Personal Frontend Portfolio | *Self-Directed Project*

www.samirsubedi1.com.np

- Designed and built a personal portfolio website while studying, to showcase frontend development skills.
